மாண்புமிகு பேரவைத் துணைத் தலைவர் : அடுத்து வெட்டுத் தீர்மானங்கள்.

2 நடைமுறைக் கேள்விகள்—தொடர்ச்சி

(ஆ) உறுப்பினர்கள் கொடுத்த வெட்டுத் தீர்மானங்களின் வாசகத்தை பேரவைத்துறை திருத்தியது குறித்து.

DR. H. V. HANDE : Before we take up the other items, Sir, I would like to bring to your kind notice a very valid point of order. Whenever we give cut-motions, we give lot of details for the cut-motions. But we find that in quite a few of our cut-motions, the details we have given are changed or some words are omittedby the department concerned and they do not inform us about the reasons why they are changed or that it has been changed. A similar situation arose in Lok Sabha when the question given notice of by an hon. Member was completely changed by the department concerned and when the matter was raised in the Lok Sabha a ruling was given that no change could take place. This ruling was given on 13th December 1974, that whenever questions or cut-motions are given, no change need be made by the department concerned unless the member concerned had been informed of the same; unless that is done and he had agreed, it should not be made. I am bringing to your kind attention tomycut-motion No. 764. I am bringing it sufficiently early to your notice so that the Speaker or Deputy Speaker will have time to scrutinise the same and take action. My original cut-motion is ' to discuss about the need to take action against all culprits mentioned in the 24th report of the Estimates Committee *however high they may be'*.

The words 'however high they may be' had been deleted. I do not know why. Nor have I been informed of the same. I want to know whether that is in order for the department to change embarrassing questions or cut-motions put by hon. Members. A question put by Mr. Madhu Limaye had been changed. He has complained of the Industry Ministry acting in collusion. The words 'acting in collusion' had been changed by the Secretariat of Lok Sabha. That was objected to by the Hon. Member and the Speaker upheld his contention and said that no such changes will be made . It has all come up in papers. I do not want to read it all again. I am just bringing my point to your consideration for your scrutiny and ruling. I would also like to know whether I would be permitted to move my cut-motion in the original form ?

MR. DEPUTY SPEAKER : I will give my ruling afterwards.
